## Polyethylene insulated, PVC sheathed with copper conductor telecommunication distribution cable

### TECHNICAL INFORMATION

Application	Network within telephone exchanges, commercial switch boards, inter connecting wiring systems	Conductor Class Insulation Material Color of Insulation	Class 1 Annealed Copper Poly Ethlene White/ Blue, Orange, Green, Brown, Grey
Reference Standards	BS 3573		

Number of Pairs	Conductor Diameter (mm)	Nominal Overall Diameter (mm)	Approximate Mass kg/100m	Capacitance (Unbalance) at 1Hz pF/500m
1	0.5	5.3	1.9	300
2	0.5	6.1	3.0	300
5	0.5	8.0	5.1	300
10	0.5	9.2	9.0	300
